

A Value-Based Model to Empower Independent Primary Care Practices

Aledade sustains physician independence through success in value-based payment models.

Accountable Care Organizations (ACOs) are networks of doctors who band together to deliver coordinated care under a payment system that rewards for health outcomes, rather than services delivered. Aledade, a national leader in value-based care, partners exclusively with independent primary care physicians to build and lead physician-led ACOs.

Through these ACOs, Aledade empowers physicians to stay independent, practice medicine like they've always wanted to, and thrive financially by keeping people healthy. Aledade offers a comprehensive range of capabilities that include cutting-edge data analytics, user-friendly guided workflows, unparalleled regulatory expertise, strong payer relationships, and local, hands-on support from attentive experts.

Maintain the independence that makes your practice unique and trusted in Aledade's physician-led ACO model.

Work with a true partner that is 100 percent aligned with you and a network of over 4,000 independent primary care physicians.

Eliminate the up-front costs of starting an ACO. Aledade will handle the up-front capital so you can focus on caring for your patients.

Leverage boots-on-the-ground support from a team of local practice transformation specialists.

Get customized EHR optimization and workflow redesign support from a team of Aledade EHR experts.

Access guided ACO initiatives and clinical support to help you improve patient care and generate shared savings.

The Aledade Advantage

- Open communication and transparency with partners
- Proprietary technology platform and analytical tools
- In-office practice transformation support
- Mature relationships with a range of EHR vendors
- Insider understanding of a complex regulatory environment

Aledade's model is built around a simple, but radical idea:
Aledade only succeeds when practices deliver better care at a lower cost.

National Expertise, Local Delivery

Led by former National Coordinator for Health IT, Farzad Mostashari, MD, Aledade's team has been on the forefront of health care innovation for over two decades. By partnering with Aledade, you will be able to take advantage of national-level policy experience paired with a deep understanding of your local market and unique needs.
